

STAR TOURING CHAPTER 212
CHAPTER MEETING @ Smokie's
Hilmar, September 8, 2007

This meeting WAS all about the poker run, so I just copied the follow-up e-mail in to this. 20 of us, including 1 Star tot made it to the meeting.

We did hold a 50/50. Our PREZ won BOTH draws, 50% and meal ticket. He donated his half of \$76 back to the club. We also gave Chris' cutie pie son a \$1 for his help.

We have our VEGGIES!!!

Cheryl contacted Raley's today and, voila'!, we have trays of sliced veggies for our burgers, donated!!! They are including pickles, and relish.

Now if we could get a similar donation of melons I would be ecstatic!!

Since that leaves me with no groceries to purchase I will check out the \$\$ store here in town. Did we need more tin foil?? Or gallon size zip loc bags? We also forgot to discuss the 'award' stickers to acknowledge our donors. I will check the \$\$ store for those, too.

Anyone that has more recent pictures, can you please bring a few (duplicates or re-prints/photocopies) to put on our 'Who is 212?' board.

Anything else?

Please let me know what you volunteered to bring, salad (mac or pot.) or baked goods.

Anna, if you are sure, we will take those chips. It would be good to have a back up for the kids. Most won't want salad. They'll be a back up, too, if we run out. We don't anticipate running out. I think we have four salad makers, each making a large tupperware full.

I also think we may need a couple more of those tubs that we used last year for drinks. Jacquie has two, which we are going to use to chill the salads. With the added produce trays we will need a way to keep them cool as well. None of these bowls or trays get down inside even the large coolers, unless they are 14" or more wide at least half way down. Most of them taper and stop our bowls from sitting low enough. I figured two salad bowls and one veggie tray per tub would be about the most we can do.

We could use a few floaters at Powersports between 7:30 and 10 Saturday morning, as well as a lot of set up help over at Castle by 8:30. The route takes two hours, no stopping, so with first bikes out at 8 we can expect riders in at Castle by 10:30. We WILL try to keep them from leaving before 8!

Shawn, will FCA be there by 11 this year? or do we have a time? I don't know if that was ever discussed. It would be nice if we could have them there by lunch. I know I, for one, would like to hear them before I get so busy I can't.

Did anyone think of NERF toys for the kids to play with since we have a lawn this year? You know? Bike safe toys? lol.

REMINDER for POKER STOP workers! Bring your own cards, a bag or something to draw from, a distinct or unique marker or initials that can remain consistent on your stamps. Stops 3 and 4 should stop at Castle for water and ice (bring a cooler).

This is looking more like NOTES!

By the way, a BIG THANKS to those of you that made it out to one or both meetings this weekend. And another thanks to those of you that offered your assistance and let us know you could not make it. Much appreciated.

It takes a VILLAGE, so to speak.

October Meeting, Merced Fire Poker Run, 9 AM on the 13th

Upcoming Rides and Events:

October	6	Redding Chapter Poker Run
October	13	Merced Fire poker run (ride in together from M&M. Leave M&M at 8AM)
